

Big Robertson Pasture

1,290 +/- acres

Eastern Nowata County, OK

Excellent grass over limestone soils makes this pasture a real beef producer. Runs cows or yearlings for big gains. The land is cross fenced with several ponds, a seasonal creek and varied terrain, which gives protection during winter. Access is very good off a gravel county road. Native grasses are the primary forage, with some scattered Bermuda and Fescue. Hunting is excellent also. Joins the Robertson 630 ac pasture if you need more land. *Directions: From Hwy 60 & Hwy 28 junction go 2 miles NW on Hwy 28 to county road #200, then east on gravel 1 mile to the property. (double steel gates) north side of road.*

Price: \$3,096,000 surface only
